## SUMMARY

UI/UX & Product Designer with 2.5+ years of experience designing responsive web and mobile applications across B2B ecommerce, SaaS, and AI products. Proficient in end-to-end design from user research and wireframing to high-fidelity prototyping and developer handoff using Figma and Adobe Creative Suite. Currently embedded at InMobi/Glance designing a large-scale B2B wholesale platform. Passionate about translating complex product problems into intuitive, accessible, and scalable user experiences.

## EXPERIENCE

### Associate UI/UX Designer

RedBaton Design Studio (Oct 2025 - Apr 2026) Bangalore

Client: InMobi & Glance

- Embedded designer on Ropaso Vyapar, a large-scale B2B wholesale buying & selling platform (comparable in scope to Alibaba/Udaan), handling end-to-end design across web and mobile surfaces.
- Built and maintained a scalable design system with reusable Figma components, tokens, and visual standards reducing design inconsistency across 10+ screens.
- Collaborated daily with product managers and engineers to translate requirements into pixel-perfect designs, ensuring smooth developer handoff via annotated Figma specs.
- Contributed to UX strategy discussions, helping define user flows and information architecture for complex wholesale buyer/seller journeys.

### Product Designer

Zetexa Global (Oct 2024 - Oct 2025) Bangalore

- Designed end-to-end digital products including web apps, SaaS dashboards, and an AI chatbot system owning the full design process from concept to handoff.
- Created responsive interfaces with micro-interactions and high-fidelity prototypes; collaborated with developers to ensure seamless, pixel-perfect implementation.
- Building and maintaining scalable design systems and Figma component libraries for consistency across platforms.
- Built and maintained scalable Figma component libraries used across multiple product lines, improving design-to-dev consistency.
- Contributed to wireframes, interaction flows, and UX documentation to support the broader product team.

### UI/UX Designer

Welkin Wits Technologies (Jul 2024 - Oct 2024) Kozhikode

- Supported the UX team in user research, prototyping, and interaction design for client-facing digital products.
- Enhanced visual consistency and design hierarchy across multiple screens and component sets.
- Assisted in usability testing and prototype walkthroughs, collecting user feedback to iterate and refine designs.
